

**September 25, 2020**

## **Organics composting facility public engagement**

---

The Regional District of Okanagan-Similkameen (RDOS) is gathering feedback about the proposed organics composting facility at Campbell Mountain Landfill (CMLF.) The results will be submitted to the RDOS board for consideration as part of an application to the Agricultural Land Commission.

Due to the COVID-19 crisis, an electronic town hall has been scheduled to provide residents with an opportunity to learn more about the organics composting facility.

The meeting will take place **Wednesday, September 30, 2020 from 6:00 to 7:00 pm.**

Representatives from the RDOS, City of Penticton and a consulting and engineering firm will be available to answer questions.
